

## Regulations for Visitors to the Lahn-Dill-Kliniken

October 28, 2020

### Dear Patients and Visitors,

Due to the rapidly increasing number of corona infections in the Lahn-Dill district, a general ban on visiting all Lahn-Dill Kliniken hospitals is currently in force.

A visit is only permitted in medically justified exceptional cases. These exceptions include, for example, persons to accompany the dying, legal guardians required to be present for minor patients, or fathers-to-be. All outpatients undergoing chemo- and radiotherapy are looked after according to treatment plans.

However, these exceptions expressly do not apply to anyone who has in the last 14 days been in an area currently designated as a risk area by the Robert Koch Institute (RKI), nor to anyone who within this period has had contact with a person who has tested positive for COVID-19.

We ask that relatives bring the Lasting Power of Attorney directly to reception.

Thank you for your understanding.

**Please stay healthy.**  
**The staff at the Lahn-Dill-Kliniken**
